

REMARKS

The present continuation application has been filed for examination of new claims 6-8 directed to methods for manufacturing a plurality of substrates for light emitting diodes. Such methods were disclosed in the specification as filed at page 4, line 19 through page 5, line 19, page 6, lines 3-12. The specification has been amended in accordance with the newly claimed subject matter, and a new abstract added reflecting the newly claimed subject matter; no new matter has been added.

Respectfully submitted,
